Objective:

At the end of the exam, the student should be able to express personal experiences, thoughts, and emotions through a well-written article, demonstrating an understanding of freedom of expression while applying appropriate language, structure, and clarity in either English or Filipino.

Freedom of Expression

Create a Tagalog or English article about your life. It must be at least long paragraph style.

THIS IS A FREE SPACE FOR EVERYONE, NO ONE WILL JUDGE YOU

Reflect with yourself, what's your **MULTO**? choose one topic-an achievement, or problem that you wish to end right now whether it is about a family, friends, or academics, an emotional challenge with friends, your plans, or anything you are currently experiencing. Express your freedom while writing your article. This activity aims to help you lessen the burden of the feelings you are going through right now. This is confidential. Whatever you write will not be shared with anyone.

Example freedom of expression:

Dear self, Bakit dito sa mundo, mukhang hindi tayo napapakingan? Andaming problema, andaming kaguluhan, hindi matapos tapos na pagsubok. Bakit parang ako lang? bakit parang hindi ako umuusad? Ginagawa ko naman lahat? 😞
