hanschristiandelossantos1@gmail.com | 09564016719 | Baggao, Cagayan, Philippines

I'm a BSIT student at Saint Joseph College of Baggao with a passion for full-stack web development. I specialize in building modern web applications using React, TypeScript, Laravel, and MySQL. My experience includes freelancing projects, developing a capstone project, and creating various school projects that demonstrate my growing expertise in software development.
